

# MOVINCOOL

Portable Spot Air Conditioning

Production that generates heat

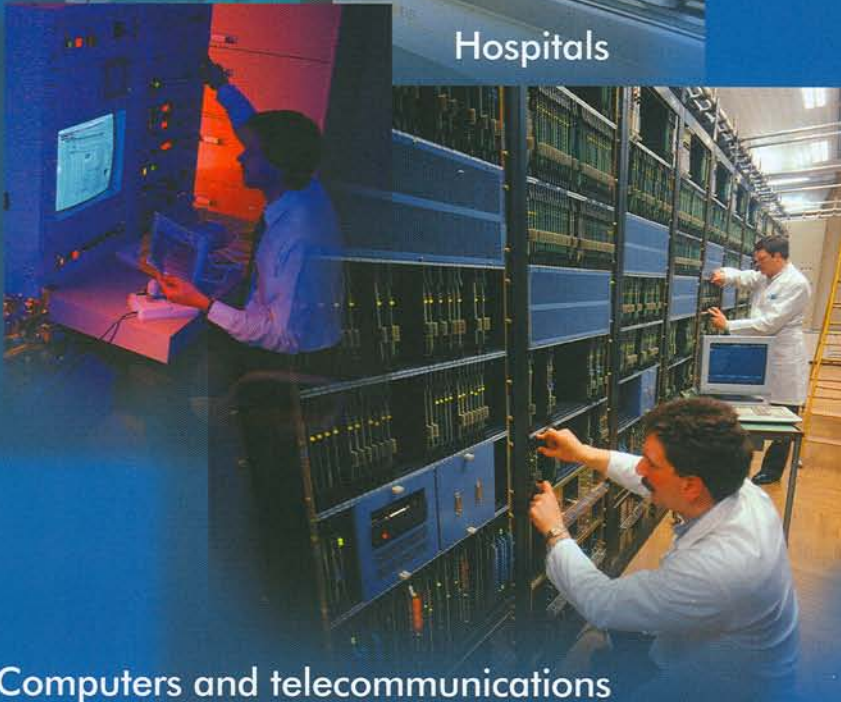

Save money by focussing cool air exactly where it is needed

Simply wheel the unit to where you need to cool people, equipment or processes

**Just plug it in and turn it on**

Hospitals

Computers and telecommunications

**DENSO**

# MOVINCOOL 15SF

Save money by focussing cool air exactly where it is needed

## Portable Spot Air Conditioning

- Increase employee **comfort and productivity**
- **Protect valuable equipment** during airconditioning maintenance or breakdown
- Provide **supplementary cooling** when needed
- **Speed up production** by shortening material cool down time

Rugged design for harsh environments. Ideal for all industrial and commercial applications

Powerful 4.5kW cooling capability with efficient and low power consumption

Flexible ducts to direct cold air to where it is needed

### SPECIFICATIONS

Cooling Capacity	4.5kW
Power Supply	240V
Power Consumption	1.6/1.7kW
Current Consumption	8.2A
Air flow – Evaporator	800m <sup>3</sup> /hr
Operating Temperature	45°C
Maximum Cold Duct Length	2 x 2m
Noise level	64db
Thermostat	optional
Rated Condition	(35°C/60%RH)
Weight	76kg
Dimensions (mm)	(W)490 x (D)650 x (H)104
